

### Butterfield Color® Hatch Pattern Installation Instructions\*

\*The instructions outlined below apply to the following programs and versions of AutoCAD, AutoCAD Lite/AutoCAD LT. If you are using a version other than that listed here please refer to your particular version's Help or Product Information regarding installing Custom Hatch Patterns.

**AutoCAD versions: 2000, 2002, 2004, 2006 and 2007**

**AutoCAD Lite/AutoCAD LT versions: 2000 through 2007**

**Step 1:** Save the downloaded .pat file(s) to your 'My Documents' folder or to the folder of your choice;

**Step 2:** open a new blank AutoCAD drawing;

**Step 3:** on the menu bar go to 'Tools' and pull down the menu;

**Step 4:** select 'Options' (at the bottom of the pull down);

**Step 5:** click the 'File' tab; highlight the 'Support file' search path;

**Step 6:** on the right click select 'Add'; and browse to the .pat file folder that you saved to your hard drive in Step 1; select 'OK'.

**Step 7:** Click 'Apply' on the options box then select 'OK' to add.

The hatch patterns will now be listed under AutoCAD's custom hatch patterns palette.
